## Assessment system for the acquisition of competencies and grading system

Assessed learning outcomes	Granted percentage	Assessment method
	40,00%	Practical tests
	40,00%	Attendance, active participation and favourable attitude in the subject/ course/ module
	20,00%	Written theoretical tests

### Observations

**Attendance and active participation in class sessions,** group work, tutorials and seminars. Its evaluation will be carried out by means of follow-up records of attendance by the teacher and by the assessment of the active participation of the student through interventions and debates in the classroom, participation in forums and chats. The mere passive attendance of the student will not be taken into account for the computation of this percentage. The lack of unjustified attendance at 20% of the practical sessions prevents the computation of this percentage.

**Practical evaluation:** Resolution of the different practices that will be proposed to the student throughout the course. The evaluation of the practices and the group work will be carried out through the assistance and oral and / or written presentation of the different practices and proposed works. The work developed in group and / or individually by the student will be evaluated. The evaluation of the works presented will be carried out taking into account the structure of the work, the quality of the documentation, the spelling and the presentation and mainly, the legal-legal argumentation and justification. The grade will be obtained from the average of all the grades obtained in this section. Scores below 5 do not count as a percentage. The qualification of the practices carried out in class (with a grade equal to or greater than 5), will be maintained for the second call. The lack of unjustified attendance at 20% of the practical sessions prevents the computation of this percentage.

**Theoretical evaluation:** Theoretical-practical written tests in which the acquired theoretical and practical knowledge and knowledge of current legislation will be exposed. It is essential to obtain a minimum of 5 out of 10 in the exam to be able to do the average with the practice mark. Scores below 5 do not count as a percentage. If a grade lower than 5 is obtained in the official exam of the first call, the final average grade of the practices carried out in class and / or group work (with a grade equal to or greater than 5), will be kept for the second call. Finally, given the importance of the correct formal presentation of legal documents, it is noted that each misspelling will deduct 0'1 points from the exam grade. Failure to comply with the rules and deadlines established for the completion and delivery of the requested academic activities will lead to the negative evaluation of

the activity. Extraordinary call: the evaluation system and its percentages of mark of practices (40%) and attendance and participation (20%) are maintained in the extraordinary call.

**CRITERIA FOR THE GRANT OF HONOR REGISTRATION:** According to article 22 of the Regulatory Regulation of the Evaluation and Qualification of the Subjects of the UCV, the mention of "Honor Registration" may be awarded by the professor responsible for the subject to students who have obtained the "Outstanding" rating. The number of "Honor Registration" mentions that may be granted may not exceed five percent of the students included in the same official act, unless it is less than 20, in which case a single "Registration of Honor". **Attendance at breastfeeding mothers class:** Due to the schedule of this subject that is taught first thing in the morning, nursing mothers may be absent from them, after notifying the teacher once. The teacher will establish together with the student who is in this circumstance an alternative work plan to allow them to acquire the same knowledge and skills as the rest of their classmates.

## CLASS ATTENDANCE IN FACE-TO-FACE DEGREES

In accordance with the development guidelines of the General Regulations for the Evaluation and Qualification of Official Teachings and Own Degrees of the UCV, in face-to-face degrees, class attendance with a minimum of 80% of the sessions of each subject will be required as a requirement to be evaluated. This means that, if a student does not attend the sessions of each subject, in a percentage greater than 20%, he/she will not be able to be evaluated, neither in the first nor in the second call, unless the person responsible for the subject, with the approval of the person responsible for degree, in view of duly justified exceptional circumstances, exempt from the minimum attendance percentage. The same criterion will be applicable for hybrid or virtual degrees in which teachers must maintain the same percentage in the requirement of "presence" in the different training activities, if any, even if these are carried out in virtual environments.

## MENTION OF DISTINCTION:

The mention of "Honors" may be awarded to students who have obtained a grade equal to or greater than 9.0. Their number may not exceed five percent of the students enrolled in a group in the corresponding academic year, unless the number of students enrolled is lower.
