R1, R4	60,00%	Oral and/or written tests employed in initial, training and/or summative student assessment.
R1, R2, R3, R4	20,00%	Presentation of practical activities.
R1, R2, R3, R4	20,00%	Attendance and active participation: lessons, group assignments and tutoring sessions. It will be monitored and registered by the teacher.

### Observations

INFORMATION NOTE ON THE FINAL EVALUATION TESTA written exam will be carried out with multiple choice questions that may be combined with practical or development assumptions. Under adequate justification it could be replaced by an oral test.

CRITERIA FOR PASSING THE SUBJECT To pass the subject, the student must separately pass the different evaluation systems (attendance and active participation, practices and exam).

CRITERIA FOR THE GRANT OF HONOR REGISTRATION It is granted as a sign of academic exceptionality and with restrictions as to the amount per number of students imposed by the legislation. The grant is subject to the professor's discretion, and as long as the student who opts for it would have been qualified a minimum grade in the subject of 9 points.

### Online teaching

Assessed learning outcomes	Granted percentage	Assessment method
R1, R2, R4	80,00%	Final evaluation consisting of essay questions and hypothetical scenarios.
	0,00%	Submitted tasks
	0,00%	Periodical assessment through questionnaires
R1, R2, R3, R4	20,00%	Attendance and participation in synchronic communication activities.

## Observations

INFORMATION NOTE ON THE FINAL EVALUATION TESTA written exam will be carried out with multiple choice questions that may be combined with practical or development assumptions. Under adequate justification it could be replaced by an oral test.

### CRITERIA FOR PASSING THE SUBJECT

To pass the subject, the student must separately pass the different evaluation systems (attendance and active participation, practices and exam).

CRITERIA FOR THE GRANT OF HONOR REGISTRATION It is granted as a sign of academic exceptionality and with restrictions as to the amount per number of students imposed by the legislation. The grant is subject to the professor's discretion, and as long as the student who opts for it would have been qualified a minimum grade in the subject of 9 points.

In accordance with the regulations governing the assessment and grading of subjects in force at UCV, the distinction of "Matrícula de Honor" (Honours with Distinction) may be awarded to students who have achieved a grade of 9.0 or higher. The number of "Matrículas de Honor" (Honours with Distinction) may not exceed five percent of the students enrolled in the group for the corresponding academic year, unless the number of enrolled students is fewer than 20, in which case a single "Matrícula de Honor" (Honours with Distinction) may be awarded.

Exceptionally, these distinctions may be assigned globally across different groups of the same subject. Nevertheless, the total number of distinctions awarded will be the same as if they were assigned by group, but they may be distributed among all students based on a common criterion, regardless of the group to which they belong. The criteria for awarding "Matrícula de Honor" (Honours with Distinction) will be determined according to the guidelines stipulated by the professor responsible for the course, as detailed in the "Observations" section of the evaluation system in the course guide.

## Learning activities

The following methodologies will be used so that the students can achieve the learning outcomes of the subject:

## Addendum to the Course Guide of the Subject

Due to the exceptional situation caused by the health crisis of the COVID-19 and taking into account the security measures related to the development of the educational activity in the Higher Education Institution teaching area, the following changes have been made in the guide of the subject to ensure that Students achieve their learning outcomes of the Subject.

**Situation 1: Teaching without limited capacity** (when the number of enrolled students is lower than the allowed capacity in classroom, according to the security measures taken).

In this case, no changes are made in the guide of the subject.

**Situation 2: Teaching with limited capacity** (when the number of enrolled students is higher than the allowed capacity in classroom, according to the security measures taken).

In this case, the following changes are made:

### 1. Educational Activities of Onsite Work:

All the foreseen activities to be developed in the classroom as indicated in this field of the guide of the subject will be made through a simultaneous teaching method combining onsite teaching in the classroom and synchronous online teaching. Students will be able to attend classes onsite or to attend them online through the telematic tools provided by the university (videoconferences). In any case, students who attend classes onsite and who attend them by videoconference will rotate periodically.

In the particular case of this subject, these videoconferences will be made through:

Microsoft Teams

Kaltura

## **Situation 3: Confinement due to a new State of Alarm.**

In this case, the following changes are made:

### **1. Educational Activities of Onsite Work:**

All the foreseen activities to be developed in the classroom as indicated in this field of the guide of the subject, as well as the group and personalized tutoring, will be done with the telematic tools provided by the University, through:
