## Assessment system for the acquisition of competencies and grading system

### In-class teaching

Assessed learning outcomes	Granted percentage	Assessment method
R1	60,00%	Oral and/or written tests employed in initial, training and/or summative student assessment.
R1	10,00%	Presentation of practical activities.
R1	20,00%	Attendance and active participation: lessons, group assignments and tutoring sessions. It will be monitored and registered by the teacher.
R1	10,00%	Oral presentation of assignments.

### Observations

The final grade is the weighted average of the different grades. In order to perform the average, it will be necessary: • In the exam for the subject, the student must reach a final score of 5. • The student must submit the practices of the subject. You must respect the delivery deadlines that will be communicated in class and published on the platform. **CRITERIA FOR THE GRANTING OF HONOR ENROLLMENT:** The Honorable Enrollment mention may be awarded to students who have obtained a grade equal to or greater than 9.5 points. Their number may not exceed 5% of the students enrolled in a subject in the corresponding academic year, unless the number of students enrolled is less than 20, in which case a single Honor Roll may be granted. (Royal Decree 1125/2003). A discriminatory test will be carried out among the applicants, at the individual discretion of the teacher.

### Online teaching

Assessed learning outcomes	Granted percentage	Assessment method
R1	70,00%	Final evaluation consisting of essay questions and hypothetical scenarios.
R1	5,00%	Submitted tasks
R1	0,00%	Periodical assessment through questionnaires
R1	25,00%	Attendance and participation in synchronic communication activities.

## Observations

The final grade is the weighted average of the different grades. In order to perform the average, it will be necessary: • In the exam for the subject, the student must reach a final score of 5. • The student must submit the practices of the subject. You must respect the delivery deadlines that will be communicated in class and published on the platform. **CRITERIA FOR THE GRANTING OF HONOR ENROLLMENT:** The Honorable Enrollment mention may be awarded to students who have obtained a grade equal to or greater than 9.5 points. Their number may not exceed 5% of the students enrolled in a subject in the corresponding academic year, unless the number of students enrolled is less than 20, in which case a single Honor Roll may be granted. (Royal Decree 1125/2003). A discriminatory test will be carried out among the applicants, at the individual discretion of the teacher.

In accordance with the regulations governing the assessment and grading of subjects in force at UCV, the distinction of "Matrícula de Honor" (Honours with Distinction) may be awarded to students who have achieved a grade of 9.0 or higher. The number of "Matrículas de Honor" (Honours with Distinction) may not exceed five percent of the students enrolled in the group for the corresponding academic year, unless the number of enrolled students is fewer than 20, in which case a single "Matrícula de Honor" (Honours with Distinction) may be awarded.

Exceptionally, these distinctions may be assigned globally across different groups of the same subject. Nevertheless, the total number of distinctions awarded will be the same as if they were assigned by group, but they may be distributed among all students based on a common criterion, regardless of the group to which they belong. The criteria for awarding "Matrícula de Honor" (Honours with Distinction) will be determined according to the guidelines stipulated by the professor responsible for the course, as detailed in the "Observations" section of the evaluation system in the course guide.

## Learning activities

## Addendum to the Course Guide of the Subject

Due to the exceptional situation caused by the health crisis of the COVID-19 and taking into account the security measures related to the development of the educational activity in the Higher Education Institution teaching area, the following changes have been made in the guide of the subject to ensure that Students achieve their learning outcomes of the Subject.

**Situation 1: Teaching without limited capacity** (when the number of enrolled students is lower than the allowed capacity in classroom, according to the security measures taken).

In this case, no changes are made in the guide of the subject.

**Situation 2: Teaching with limited capacity** (when the number of enrolled students is higher than the allowed capacity in classroom, according to the security measures taken).

In this case, the following changes are made:

### 1. Educational Activities of Onsite Work:

All the foreseen activities to be developed in the classroom as indicated in this field of the guide of the subject will be made through a simultaneous teaching method combining onsite teaching in the classroom and synchronous online teaching. Students will be able to attend classes onsite or to attend them online through the telematic tools provided by the university (videoconferences). In any case, students who attend classes onsite and who attend them by videoconference will rotate periodically.

In the particular case of this subject, these videoconferences will be made through:

Microsoft Teams

Kaltura

## **Situation 3: Confinement due to a new State of Alarm.**

In this case, the following changes are made:

### **1. Educational Activities of Onsite Work:**

All the foreseen activities to be developed in the classroom as indicated in this field of the guide of the subject, as well as the group and personalized tutoring, will be done with the telematic tools provided by the University, through:
